

Data sheet - KSSB-4MM-14

Snap-top standoffs

3D-Data available	
Order description	KSSB-4MM-14
Nominal-Ø	4 mm
Base panel mounting hole Ø d2 +0.08 0	5.4 mm
Removable panel mounting hole Ø d3 +0.08 0	4.0 mm
L1 ±0.13	14 mm
Min. L2	19 mm
Min. sm1	1.25 mm
sm2	1.0-1.8 mm
Material	Bright-finished brass (CDA 353), other finishes on request.
Use	For printed circuit boards or plastics up to HRB 65 (base panel).
Performance data	Maximum first on snap force 57,7 N Minimum first off snap force 13,3 N Minimum 15th off snap force 4,4 N
Information	Snap-top standoffs are used for quick mounting and dismantling of printed circuit boards, covers, etc.
Tools	
Insertion machines
